STEP 5

Retrieve email to validate registration and complete parental consent.

A new 'YQCA' account has been requested using your email address.

To confirm your new account, go to this web address:
<https://yqcaprogram.org/login/confirm.php?data=fHo0KcDcj8EmehN>

By giving consent you are agreeing to YQCA's collection, use, and disclosure of information as set forth below* and in our [Privacy Policy](#).

In most mail programs, this

Validate Registration

Please visit the email address provided during account set-up to validate your account as well as provide parental consent for sharing your child/children's details with third parties (state 4-H/FFA contacts, national species organization representatives, and fair and show managers). Until you validate your account using the YQCA email notification email, your account will not be activated.

If you have provided a mobile number during the account set-up, you will receive alerts concerning your parental consent whenever your account is accessed or whenever a course is launched or completed.

For your information, once a course is launched—and through it's completion—access to the main navigation will remain inactive so as to prevent your child who is taking the course from gaining access to your account settings. After the course completion, to gain access to the account, you will have to login again.

We recommend:

- You do not share the account credentials with your children or others who should not be having access to your account and the settings.
- You always provide a mobile number during the account set-up or from your account settings at all times so that you are alerted on your mobile device whenever your account is accessed.
- You add YQCA email address and mobile number to your safe list so that they are not marked as spam, which may result in you missing important notifications & alerts.

You can revoke the parental consent at any time by updating the same through your account settings.

Data Sharing Consent

You have added Stella, Jose to your account. Once Stella, Jose has earned their YQCA certification, with consent, YQCA can verify their certification information with state contacts, species representatives (i.e., National Park Board, National Cattlemen's Beef Association), and fair and show managers. Information that will be shared for Stella, Jose is Joseph Child 1, Child 2, certification number, certification expiration, state, county, age, and type of training completed.

If you would like YQCA to share this information with those parties so your child's certification can be validated, you will need to give your parental consent. You can revoke the parental consent at any time by updating the same through your Child Dashboard or Data Sharing Consent settings.

Each child has a 'Recommended course under' label and a corresponding 'AGE' button. At the bottom of the page, there is a 'Courses Filter' section with 'ALL COURSES' and 'PURCHASED COURSES' buttons, and a 'CANCEL COURSE LICENSES' button circled in yellow. A 'Collapse all' link is also visible.

Licenses available for cancellation will appear with a gray "Cancel" button to the far right. Web-based training licenses may be cancelled as long as the course has not been started. Instructor-led training licenses may be cancelled until one day before the training date.

If the "Cancel" button is grayed out, the license is not available for cancellation. This may be due to the license already being used, the licenses already being cancelled, the instructor-led training date passing, or the instructor cancelling the training.
